

## LED WALL PACK

Designed to replace, and outlast, traditional 100W - 250W HID fixtures, the Horner LED Wall Pack Series offers versatility, enhanced illumination, and profitable ROI. Coming in 2 varying designs with 2 sizes each (40W and 60W), the Wall Pack Series is well-suited for outdoor entry and perimeter applications such as warehouses, industrial complexes, retail settings, commercial realty, and many more. With either the full light output cutoff of the WWPC model or the wide light output distribution of the WWP model, the quality and durability of this powerful series ensures it will outshine the competition for years to come.

### BENEFITS:

- Instant strike
- -40°C to 40°C ambient temperature
- Glare free and uniform light distribution
- Dimmable option, enabling the use of occupancy sensors for power savings
- Traditional aluminum enclosure
- Universal AC input/full range, 120~277 VAC
- Made in USA with global components

### FEATURES:

- Multiple mounting options
- Wet location rated
- Longer lifetime
- No mercury
- 5 year warranty
