

## CANOPY/PARKING/TASK (CP) SERIES

Parking garages streamline commercial tracks, minimize impact through vertical development, and improve quality of life for communities across the nation. They minimize many challenges – yet managing a parking garage can be a challenge in itself. The Horner CP Series is designed to make the management process as safe, easy, and efficient as possible. Through a flush-mount design, the CP Series eliminates the potential for nesting sites, keeping birds out, while the 160° beam angle provides bright, powerful lighting to improve the parking and security experience for customers and building management alike. Low-cost, high efficacy: big results!

### LONG LIFETIME

- Premium, top-tier LEDs  
5-year warranty backed by U.S. company founded in 1949
- Rated for up to 230,000 hours at L70
- Rated for up to 67,000 hours at L90
- -25°C to 40°C ambient temperature ensures long lifetime in a variety of conditions
- Quality driver with integrated 4kV surge

### ILLUMINATING RESULTS

- 80 CRI standard enhances color and clarity
- Powerful light engine creates even output
- Lens material is PC and rated to IK10
- Typical mounting heights of 8' – 15'

### FULL CIRCLE DESIGN

- Output of 5,400 – 8,100 lumens
- Engineered with quality, space-age materials
- Traditional round profile is light weight and easy to install
- IP65 Dust and Water protection  
UL wet-rated
- Flexible mounting to junction boxes, conduit, and surfaces
- Integrated step dimming motion and light sensor, standard

### BRIGHT SAVINGS

- Typical payback of 9 – 24 months
- Potential for rebate savings through DLC certifications (refer to DLC QPL at [www.designlights.org](http://www.designlights.org))
- Up to 135 lumens/watt
- Standard motion and daylight sensor provide additional energy savings

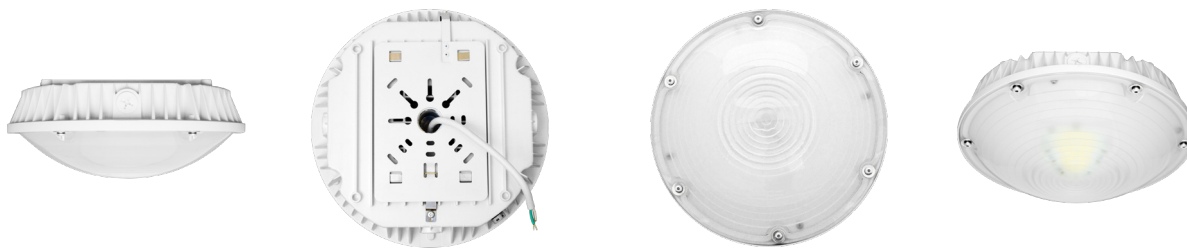

## POSSIBLE APPLICATIONS

- |                     |                   |                           |
|---------------------|-------------------|---------------------------|
| ■ Parking garages   | ■ Fueling centers | ■ Recreational facilities |
| ■ Outdoor overhangs | ■ Workshop areas  | ■ Hall and aisle ways     |

MODEL	WEIGHT	DIMENSIONS	CRI	CCT	LUMENS	TOTAL WATTS	LUMENS/WATTS	L90	L70

## COMPARE TO

Existing Fixture	CP Replacement	Energy Savings**
4-Lamp T12	40 (similar performance)	<b>\$56.06</b>
3-Lamp T8	40 (similar performance)	<b>\$24.53</b>
100 W HPS/MH	40 (similar performance)	<b>\$26.28</b>
3-Lamp T5HO	40 (max energy savings*)	<b>\$48.18</b>
4-Lamp T8	40 (max energy savings*)	<b>\$48.18</b>
150 W HPS/MH	60 (similar performance)	<b>\$39.42</b>
250 W HPS/MH	60 (max energy savings*)	<b>\$89.79</b>

\*replaces a depreciated light source with similar performance while maximizing energy savings

\*\*based on 12 hour daily usage, \$0.10 per kwh per year

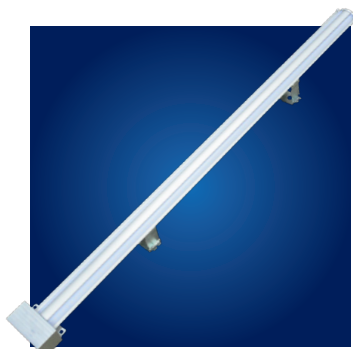

## YOUR PART NUMBER

ETG-CP  wattage - WL  CRI/CCT - P1 - M5

40 (40W) 840 (80 CRI, 4000K) P1 120-277 VAC  
60 (60W) 850 (80 CRI, 5000K)

## COMPLEMENTARY PRODUCTS

We have several complete lines of products for both indoor, outdoor, and specialty applications (such as grow, inspection, hazardous) to exceed your organization's energy savings goals, fast-track your ROI, and enhance your overall light output. Explore the versatile products below more on our website at [www.HornerLighting.com](http://www.HornerLighting.com) to quickstart your savings today.

### Mantis Task Light

4' linear configurations, task or low bay applications

### Hazardous Location

Class 1 Div I or Class 1 Div II high or low bay applications

### Enterprise Series

Up to 39,000 lumens, diverse lens type options
