HORNER LIGHTING GROUP

SHOE BOX PARKING / AREA / FLOOD SERIES

Light up your lot, building, surrounding areas (and savings) with the versatile output of the Horner Shoe Box Parking/Area/Flood Series. Ideal in most parking applications, the SB100, SB150, and SB300 also excel in perimeter, pathway, flood, general area, and flood projects. The lightweight durable, design (along with 4 optional mounting brackets) minimizes waste while maximizing efficacy and ROI. With 3 lens, 2 power, and 3 wattage options, we're sure to find a Shoe Box solution to exceed your organization's requirements and expectations.

LONG LIFETIME

- Premium, top-tier LEDs
- 5 year warranty backed by U.S. company founded in 1949
- Quality driver and 10 kV surge, standard
- Superior LED thermal management
- -40ºC to 50ºC ambient temperature ensures long lifetime in a variety of conditions

ILLUMINATING RESULTS

- Replaces 250-1,000 watt fixtures
- Powerful light engine creates even output with 3 different distributions
- Clean, even distribution
- UV stable polycarbonate lens does not yellow over time
- Typical mounting heights of 15' – 35'

FULL CIRCLE DESIGN

- Output of 15,100 – 44,100 lumens
- Engineered with cast aluminum magnesium alloy for lightweight, durable housing
- Toolless entry
- Quickly install via 4 optional mounting brackets
- 200 – 480 VAC multi-volt option available
- IP65 Dust and Water protection UL wet-rated
- Dual process coating with electrophoresis and TGIC powder coat provides years of environmental/corrosion protection

BRIGHT SAVINGS

- Typical payback of 12 – 24 months
- Potential for rebate saving through DLC certifications (refer to DLC QPL at www.designlights.org)
- Up to 155 lumens/watt
- 3-Pin socket for third-party sensors or controls

POSSIBLE APPLICATIONS

- Ideal for parking
- Highly effective in dealer/retail lots
- Lighting for trails, walk-ways, & pedestrian paths
- Architectural building
- Security and perimeter
- Flood and wall washing
