Get instant discounts on energy-saving lighting products

AES Indiana is partnering with local distributors to bring instant savings straight to your wallet when you purchase select energy-efficient lighting. Discover the benefit of instant savings and the long-term advantage of LEDs.

Longer-lasting lighting that won't break the bank

Compared to traditional incandescents, energy-efficient lighting use 25–80 percent less energy and may last up to 25 times longer.

Ask our sales staff for details.
